

20260521_Letter to City Council Member Sukh Kaur

Good afternoon,

I am writing to inform you that this ongoing persecution of my humble home is now escalating to more and more egregious levels and this gang of criminals that is hellbent on causing harm to my home is utilizing City of San Antonio resources and agencies to attack us and make false accusations against us at this time.

I have attempted again to report these problems in an official report to the SAPD and I am not reasonably able to accomplish this task despite being a licensed attorney at law. I am reporting to you that the SAPD is actively protecting a gang of criminals that is targeting innocent citizens from inside of the government.

Vehicles are constantly and persistently streaming past our house, following me around, stalking me, and I am being threatened. A man with a gun did confront me in my front yard and he did fire that weapon at me. I reported this to police on 08/08/2024. Since that time, I am being stonewalled from access to police resources to help aid me in this process to defend my rights and I am continuing to be threatened by members of the community and 'forces' that are showing themselves to me from behind the 'veil' of government.

I am writing to inform you that I have notified the City Attorney's office of my intention to file suit against the City of San Antonio in this matter and I am writing you now to inform you of the same.

I hope that you will take note of these messages that I have been sending to you and truly seek to understand the types of criminal / mafia forces that are evidencing to me to have control over the government and police at this time.

Thank you for your continuing attention to this important matter.

Kindest regards,

Chris Carlin

P.S. We are suffering serious harm from these ongoing persecutions. I have a wife and family here that are being subjected to this ongoing abuse from FREEMASON SECRET SOCIETIES and others that have publicly identified themselves to me as "the numbers gang."

Submission complete

Thank you for contacting District 1.
